| AVG PER MO | 1,859 | 925 | | | 933 | | | 1 | | 37 | | |
| Note: | Total Calls incl | ude Administra | tive calls that | are not direct 9 | 911 calls. | | | | | | | |

Notes:

- "Abandoned" calls represent the number of incoming 9-1-1 calls for which the caller had hung up before a (1) call-taker answered.
- "Abandoned" calls are included in the "Wireline" and "Wireless" counts respectively. The standard CML (2) reports do not provide a break-out of "Abandoned" calls between "Wireline" and "Wireless" calls.
- Total call volumes include Administrative calls. (Administrative calls = Calls made between 911 positions (3) but are not 911 calls.)

PSAP Operations (continued)

Wireless Test - May 2010

| Date | WSP | Sites Tested | Sectors Tested | Tested By: |
|----------|--------|-----------------|-------------------|-------------------------|
| 05/25/10 | Sprint | 1 | 3 | Hawaii PSAP/ Akimeka |

05/01/10 --Ongoing

Akimeka personnel continues to monitor an open AT&T Mobility trouble ticket (11/21/09) for missing house number (HN), street and community information when transferring a WPH2 call or rebidding a WPH2 call. Trouble was isolated to signalling problems. Plans are underway between AT&T Mobility and Intrado to upgrade their network and resolve the trouble.

The projected completion date was pushed out to allow for the completion and testing of the rehoming and network upgrade project across the Neighbor Islands.

The rehoming and upgrade project (Phase 2) has been completed on Kaua`i, Hawai`i, Maui, Lanai, and Molokai (May 5, 2010). Hawaii AT&T Mobility representatives are working with their Corporate counterparts for the CGI upgrade. AT&T Mobility is expected to schedule a conference call after June 15th to discuss the next steps with the Neighbor Island PSAPs.

05/01/10 --Ongoing

Akimeka personnel and Intrado continue to work on OnStar, Hughes, and ATX call display issues. Intrado proposed to schedule a "webinar" with the Neighbor Island PSAPs to review and coordinate the next steps in providing telematic calls to the native 9-1-1 network. A target date for the "webinar" was not provided.

05/01/10 --05/04/10 On behalf of the Neighbor Island PSAPs, Akimeka personnel requested a tentative 2010 testing schedule from all of the Wireless Service Providers (WSP).

05/01/10 --05/13/10 In response to Hawaiian Telcom, Inc.'s (HTI) notice to bill the Neighbor Island PSAPs for long distance charges, Akimeka personnel coordinated and consolidated questions and responses for the Neighbor Island PSAPs. This was a topic of discussion at the Wireless E9-1-1 Board Technical/Finance Committee meeting and the Wireless E9-1-1 Board meeting held on May 13, 2010.

At the May 13th Wireless E9-1-1 Board meeting, it was agreed that Hawaiian Telcom, Inc., would provide additional information at the next Wireless E9-1-1 Board Technical/Finance Committee meeting in June 2010.

05/01/10 --05/31/10

Akimeka personnel with the assistance of Intrado, completed a flowchart for the Neighbor Island PSAPs which documents the flow of a Call Routing Spreadsheet (CRSS) and Testing Validation Worksheet (TVW). Intrado will not sanction and authenticate the flowchart. The flowchart will merely be documentation of the process as known and will help all parties involved to better understand the timeframes needed to plan a test.

The flowchart is still in draft form and under review. Once finalized, the flowchart will be shared with the Neighbor Island PSAPs.

• PSAP Operations (continued)

| Akimeka personnel and AT&T Mobility personnel coordinated dates and information for the Neighbor Island PSAPs regarding a SS7 upgrade with Hawaiian Telcom, Inc. (HTI). The upgrade was successfully completed on May 26, 2010. |
|---|
| In late April 2010, Hawaii County Police advised Akimeka that they are in the process of obtaining accreditation through CALEA (Communications Assistance for Law Enforcement) and asked Akimeka for assistance to convert all Lesson Plans (approximately 81) into a special format. |
| Akimeka advised Lieutenant Wana that Akimeka would be willing to assist time permitting. Twenty-five (25) out of the 81 Lesson Plans have been converted and returned to the Hawaii County Police as of May 19, 2010. |
| Akimeka personnel distributed to the Wireless Service Providers (WSP) a 2010 Holiday NO TEST schedule for each of the Neighbor Island PSAPs. |
| Akimeka personnel informed Jennie Stein of Sprint/Nextel that the use of the 7-digit Admin telephone number was never authorized by the Neighbor Island PSAPs. It was explained that the Punahou overflow trunks were the preferred route. |
| Glenn Roach, Executive Director of the Wireless E9-1-1 Board, interceded to work with Sprint/Nextel and Hawaiian Telcom, Inc., to develop a solution. |
| Hawaii County Police reviewed Akimeka's 2008 MSAG Community layer data and would like to redefine them. New boundaries for West Hawaii was received on May 16, 2010. |
| This request will take considerable effort to coordinate the MSAG Community changes. Akimeka will discuss this further with the Hawaii County PSAP. See Service Request #220 which will be used to track this project and action item. |
| Akimeka personnel distributed an announcement to all State of Hawaii PSAPs to inform the PSAPs of the new commanders for the Maui and Molokai PSAPs Lieutenant Jayson Rego and Lieutenant Leighton Kanaele, respectively. |
| Akimeka personnel notified Mobi PCS and Intrado that an annual audit would be conducted. They are in the process of providing the necessary TVWs. |
| Akimeka personnel participated in the PSAP Forum sponsored by Hawaiian Telcom, Inc. to discuss Next Generation 9-1-1 (NG9-1-1). |
| Akimeka personnel attended the Best Practices in Public Safety Recording, Quality Assurance, and Training webinar. PowerPoint and re-telecast times were distributed to the Neighbor Island PSAPs. |
